Red List Function

The screenshot displays the StreetFinder website interface. At the top, the navigation menu includes "StreetFinder", "Home", "Red List", and "How it works". The "Red List" menu is open, showing three options: "Brand Values", "Profanity Values", and "Manual Values", with "Manual Values" highlighted. Below the menu, there are input fields for "Input" and "Input File" (with a "Choose file" button and "No file chosen" text), and an "Upload" button. There are also fields for "Input Latitude:" and "Input Longitude:". Below these are three sliders: "Radius: 5 Km", "Similar text: 75%", and "Datamuse: 75%". A "Submit" button is located at the bottom left of the form area. On the right side, there is a map of Brisbane, Queensland, Australia, showing various landmarks and streets. The map includes a search box, a "Map" button, and a "Satellite" button. The video player interface at the bottom shows the video title "IFB399 Capstone Final.mp4", a copyright notice "© 2019 Copyright StreetFinder", and a progress bar indicating 1:16 / 1:32.

8. To add or modify red list values, navigate to the “Red List” menu and press the desired menu.
